The reply filed on 03-16-2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the response does not offer specific details of how several of the new independent claims are patentable over the previously applied prior art. The response uses phrases such as "contains virtually all the same limitations ... except that it defines the ... as being different"; or "believed to be allowable for the same reason that claim 14 was indicated as allowable by the examiner. The independent claim 75 contains the substantive limitations as amended claim 14"; or "This claim recites subject matter similar to that found in allowed claim 27 and should thus be found allowable". These statements fail to adequately point out exactly what claim language is patentable over the previously applied references. It could be that the limitations in the allowed claims which have not been incorporated into these new claims is what made the allowed claims allowable. . See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
